

Amazing Learning at Laude

A snapshot of the inspirational learning happening across Laude San Pedro...

Issue 1: Monday 9th October 2017

1 – Registration with a difference:

Year 10L: Skills such as cooperation and empathy have been at the forefront of the secondary classroom for Mrs Litchfield's tutor group. Using the **Invictus Games** as a topical springboard for discussion, students participated in a number of activities such as "blind running" and "sitting volleyball"; an enjoyable and inspirational activity for all.

2 – Health and safety in action:

FS2: Class rules and keeping safe in school are extremely important for our students. Children in FS2 practised the Fire Drill last week and were very interested in how people like firefighters, the police and doctors help us. They had lots of fun dressing up and acting this out in their classroom!

3 – Inspiration for the future:

This week we celebrated our first *Student of The Month* assembly in secondary. Mr Smith, Mr Marchand and Mrs López welcomed the

opportunity to reflect on our students' successes and encourage children to push themselves to achieve their goals this year. We were lucky to welcome back a former student, Jose Barandiaran, who is certainly an inspiration for all of us.

4 – Learning in ACTION:

Year 9 English: Following a recent staff training session by educational expert *Ross McGill*, teachers have been trying out innovative techniques to create a collaborative and stimulating learning environment. Year 9 English students enjoyed this active strategy to recap their knowledge of *The Book Thief*.

5 – Developing life skills:

Sixth Form and Bachillerato: Learning life skills outside the classroom plays an important role in the curriculum of our senior students. Teambuilding events focus on enhancing crucial skills for students' future educational journeys. Our next event is scheduled for *Friday 13th October* at Aventura Amazonia.

Learning News...

Last week, our Learning team attended a conference in Madrid led by Director of Education for ISP, Martin Skelton. The

team, alongside colleagues from the other 7 LAUDE schools in Europe, benefitted from a series of thought-provoking and stimulating sessions focused on enhancing the learning experience of our students.
