

# Amazing Learning at Laude

A snapshot of the inspirational learning happening across Laude San Pedro...

Issue 9: Monday 19<sup>th</sup> March  
Edited by: Ms A. Moody

## 1 – Geography at its best, out in the field!

Last week, 32 **Geography** students visited *El Caminito del Rey*, an internationally renowned attraction, in

order to look at sustainability management in context. The trip enabled students to engage with topics covered in GCSE and A Level Geography, whilst enjoying the spectacular views and gaining a real sense of achievement.

## 4 – “O Romeo, Romeo wherefore art thou Romeo?”

In **Y9 English** we have been studying Shakespeare’s masterpiece, *Romeo and Juliet*. Students have been exploring the use of language to convey character and mood in one of its most famous fight scenes: Act 3

Scene 1, which sees the death of mercurial Mercutio and fiery Tybalt. This unit is perfect preparation for fostering an appreciation of literature, which will stand pupils in good stead for the demands of GCSE English.

## 2 – When the circus came to town...

The **Performing Arts** pupils from **Years 10 and 11** were very lucky to be able to participate in a recent “CIRQUE” workshop by Mr Jorge Musimessi, an expert in cirque techniques such as acrobalancing, vaulting, juggling, and aerial exercises. The students learned the basic training techniques of circus performers as well as the most important aspects of health and safety, trust, working with partners and the safe handling of performers during stunt work.

## Learning News: “The Greatest Show”

## 3 – Aprendizaje cooperativo

En **educación física** los alumnos están aprendiendo las diferentes pruebas de atletismo. Mediante un aprendizaje cooperativo y en grupos reducidos los alumnos/as están practicando saltos, lanzamientos y carreras. Progresivamente van rotando para así realizar todos las modalidades de atletismo que existen.

Last Friday saw Laude San Pedro’s fifth charity Gala in aid of *Aldeas Infantiles*. The night was a huge success thanks to the hard work and efforts of our students and teachers. Hours of practice and work behind the scenes over the past few months ensured the event was an enjoyable and impressive night for all those involved.
